Edna Beard, state elementary superintendent, who has for a number of years actively engaged in mission work, and who has traveled extensively, having made a tour of the world i n the interest of missions, and who was at one time assistant pastor of one of the largest churches in St. Louis, is well qualified for her work in the "Children's Division" of the Missouri Sunday school association, possessing a sympathetic and kindly interest in the welfare of children everywhere. Her attractive and pleasing personality making her one of the most interesting and entertaining speakers on the program The elementary workers of Nodaway county have an excellent opportunity to get inspiration and instruction for their work and should plan to hear everything Miss Beard has in store for them.

The program for the two-days convention includes addresses by a number of well known Sunday school workers and laymen, among them being Henry M. HIKING ACROSS U. S.

MME. MERCEDES STOPS HERE EN ROUTE TO SAN FRANCISCO

LEFT NEW YORK JUNE 12

Trans-Continental Walk of Charming Southern Woman Is Being Made in Effort to Regain Health.

When physicians told Mme. Dona Mercedes of New York City, she must have a life in the great out doors to regain her lost health, she with the wisdom of many but the pluck of few, chose the "Road to Romany," and started on a gypsy trail that begun June 12, in New York and will end in San Francisco some time. She reached Maryville yesterday afternoon, spent the evening and night at the Linville hotel and left today for St. Joseph.

Every foot of the way has been made out of doors by this plucky little woman, who is of Spanish parentage, born and reared in a Louisiana town, educated, accomplished, with the charm of the old and new world blended in her soft accent and winning manners. Her ultimate destination is Honolulu where she will remain in that warm sunny climate until her health is fully restored. For her trip Mme. Mercedes was dresesd in neat suit of dark brown cravenette, dark brown shoes, felt hat and carries her knapsack and guitar.

She has with her a letter from Mayor John F. Hylan of New York City to Mayor James Rolph, Jr., of San Francisco, to introduce her when she will have arrived on the Pacific coast.

Mme. Mercedes endeavrs to make her expenses along the road whenever possible by giving entertainments in hotels, theaters or private homes and whenever any other credential than that of a cultured gentlewoman is needed she has letters and recommendations from prominent people by whom she is known, to help her on her way.

For some years Mme. Mercedes was head of the government schools at Porto Rico and has been a teacher of Spanish and languages in other schools She is traveling now for the Co-operative League of America and is very keenly interested in this work.

Her entertainments consist of Spanish folk songs, the negro dialect songs and stories of the old South and the new, and legendary songs and stories of other lands as she is world traveled and has made a study of folk lore. Her entertainments are given only as she has the strength and she does along the way just what she can accomplish without a concentration of nerve force or overtaxing herself.

At Kansas City Mme. Mercedes will follow the Santa Fe Trail to Riverside, Cal., where she will spend a short time in study at the Indian school there after which she will go to San Francisco and embark for Honolulu. In the Eastern states particularly among the army cantonments, through Pennsylvania at the large summer resort hotels and at the boys and girls camp at Watertown, Pa. Mme. Mercedes gave many entertainments. No stated price is set but a collection taken except at the camps where she delights to entertain the soldiers without pay.

Every one who met the lady during her stay here was delighted with the opportunity. She was educated in this country and supplemented it with several years study in France and Spain and years of travel abroad. In telling of her trip she said, "You have heard of killing two birds with one stone. Well, I am killing four. I am like a minister with his firstly: I am regaining my health; secondly, I am making a positive aim and destination; thirdly I am keeping my mind alert, for I am out where the world is always in the making and getting acquainted with the people who are kinder and more gracious than ever I knew before; fourthly and lastly, I am pursuing my own vacation and study and learning more every day.

FOUR GET DIVORCES

JUDGE DAWSON SEVERS TIES FOR MISMATED COUPLES

COURT AGAIN SATURDAY

Time of Present Term Is Being Taken up with Attorneys Busy Helping Men Fill Out Questionnaires.

With two days having been devoted to disposing of such court cases as demanded attention Judge John M. Dawson today announced adjournment until next Saturday, when a number of motions and other matters will be heard and attorneys will be given opportunity to attend to such of their cases as they may desire.

Decree of divorce was granted in four cases this morning as follows: Oren Davis against Bernice Davis.

Roy M. Manley against Gladys Fern Manley.

Hanna V. Sheridan against James Sheridan.

Bettie Hiles against Fred C. Hiles. Mrs. Hiles had her maiden name of Lundeen restored by the court.

In the divorce action by Wm. D. Joy against Sarah F. Joy, Judge Dawson announced he would take it under advisement.

The time of the present court term will be occupied almost continuously with filling out questionnaires for the newly registered men in the selective draft. The attorneys are working in shifts, giving their time gratis to the work. It is estimated that the number of questionnaires a person can help fill is about twelve a day, but this number will vary, owing to the fact that it takes much longer to fill out those for persons who claim exemption on agricultural grounds. From six to eight attorneys are at the court house continuously engaged in aiding registrants.

The Itching and Sting of Blazing, Fiery Eczema

Seems Like the Skin Is on Fire.

There is a harrassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source.

The source of Eczema is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain. Get a bottle to-day at any drugstore, and you will see results from the right treatment. Write for expert medical advice, which you can get without cost, by addressing Medical Director, 21 Swift Laboratory, Atlanta, Ga.

With the American Army in Lorraine, Sept. 25.—Patrols were active during the night on the front opposite Metz. A great artillery duel is in progress. Guns of Fort Fraf Haesler on the Moselle river (one of the outer defenses of Metz) kept up a harassing fire with six-inch shells against areas in the rear of the American lines. Long range American guns replied and shelled the Germans in the Gorze.

Paris, Sept. 25.—The German troops attacked the French in the region of the Moisy farm during the night but were completely repulsed, the war office announced today. A FRENCH BOY SCOUT WRITES

Member of Maryville Troop I Has a Correspondent Who Tells of Scout Work Over There.

Townsend Godsey, 536 West Fourth street, a member of the Maryville Boy Scout Troop I, in correspondence with a French Boy Scout, has received the following letter: (Written in English)

LaRochelle, Brue de la Clahe, France

My Dear American Friend: Thank you for your letter I received last Monday. I'll give it to another Boy Scout who'll give you indications about boy scouts in France, I suppose. In our contest my patrol is the thrid in signaling, care of the wounded, knots and the first for merit badges. The 26th of May we had an athletic challenge. Our troop is in mourning. Our former Scoutmaster died at the front, killed by Germans, so we wear a black ribbon on our hat. A short time ago we went out of LaRochelle and went to Puilboreau, a little village at 5 kilometers from here. It was very nice. We slept in a barn strewn with straw.

Your sincere friend,
CHRISTIAN MOUSSIEGT.

THE EFFICIENT WOMAN

The foundation of efficiency lies in a robust, healthy constitution. When ill, weak and suffering from dragging down pains, inflammatory and ulcerated conditions or displacement with consequent backache, headaches, nervousness and "the blues" no woman can be efficient or hardly a fit companion to live with. If every woman in this condition would only give the most successful of all root and herb remedies, Lydia E. Pinkham's Vegetable Compound, a trial, she would soon be restored to health and reach the goal of her ambition for personal efficiency.
